Stream

Laser USB Notebook mouse
- The new mouse from DICOTA with the newest laser technology -

DICOTA´s new mouse is equipped with the newest laser technology. The especially high resolution of 1600 dpi enables you to work twenty times faster and more precise than with conventional optical mice, on almost any surface - even wood and plastic!
The hot Plug & Play function provides for immediate use of the mouse. Simply connect the mouse with an available USB port and you are ready for action. Stream offers a self-retracting cable which can be adjusted to a specific length, according to the requirements. The self-retraction allows for handy and space-saving transportation of the mouse. Stream features 3 buttons incl. a scroll function and thanks to its rubber coating, it fits the hand just perfectly. The new laser mouse from DICOTA - a mouse with the most modern technology and perfectly qualified for the demands of mobile users.

3 buttons incl. scroll functionality. invisible Laser Sensor 1600 dpi. rubber coating. retractable cable. Plug & Play. User's Guide
